Administration Report (Mr. Akune)

Student Safety & Daily Health Check

- Students continue to do a great job of wearing their masks. The level of responsibility has increased resulting in less masks that need to give out by the school. The kids are responsible, which is great to see.
- Further exposures have come up and notices have been sent out, however the New Year has been better in terms of overall exposure.

Classroom treats for kids

- Some teachers are handing out treats, but a record is kept at the office as to who is participating in this should a case arise

Student Survey

- Many students completed the survey, 84% agree or strongly agree that they feel connected with the school
- 90% agreed or strongly agree they receive support from their teachers. The flexible time has been helpful
- New students primarily grade 8's (300 answered), 80% feel comfortable transitioning to the school

Black Shirt Day

- Was last Friday the 15th a number of kids wore black and supported the cause

Old Business New Business

Grade 10 Numeracy Assessment - Kaushal Parikh asked Mr. Akune to shed some light on this as there seems to be some anxiety around it. Mr. Akune mentioned that post-secondary schools do not seem to be looking at this assessment at this time. It is more about getting an idea of how the Districts are performing.

Students are not meant to prepare for it; however, some samples can be shared. It's not a math test and the assessments can be retaken.

Career counsellors - students can set up one on one meetings with the counsellors and go through the process with them.

Grad 2021 - Meena Ghag asked for Mr. Akune about this year's celebrations, the school is planning some grad celebrations like last year such as a video. In June they will allow an opportunity for the kids to cross the stage. Hoping that parents can attend this staged event.

Red carpet – last year students were able to book an appointment and had an opportunity to wear their formal attire as many kids had already purchased their formal wear. This year the school is thinking not to hold the red carpet as only 60 kids only participated last year, and many kids felt there was no point as they could not share it with their family and friends. Instead students can come in their cap and gown and still have the red-carpet experience.

Adjournment at 8:30 pm
