👌 Select	Required Courses													

On the screen shown above, students must count to make sure they have the required number of courses!

- 8. Students may leave a note about course selection for their counselor in the 'Counselor notes' section at the bottom of the page. This is where students with special circumstances should indicate courses they need that may not be available to them (ie. I'm going into grade 11 but I need English 10, or I'm going into grade 11 but want Chem 12).
- 9. After selecting the required number of courses, scroll to the bottom of the page and click 'post'. Students should then log out in the top right corner.

Course selection will be open from February 26th-March 5th
